VILLA IS ALIVE AND ACTIVE SAYS BROTHER

SAN ANTONIO, Texas, Sept. 27.—Hipolito Villa, brother of Francisco Villa, admitted today that he had direct information that his brother is alive and quite active. He would not admit that he knew of Pancho's recent movements and declared positively that he knew nothing of his future plans in Mexico except what he reads in the press dispatches. Hipolito is very confident, however, of the success of any campaign Pancho may undertake and says he is not worried over the capture of his brother by Carranzistas. Hipolito refused to discuss the Mexican situation, although apparently well versed in conditions in Mex-

ico, saying that while in the United States he did not want to say or do anything that might be construed as violating the neutrality laws.
